

85 MD ALUCLIP

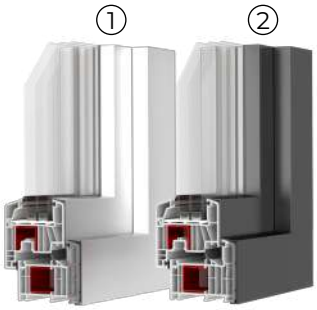

85 MD AluClip represents a PVC-U window system with an installation depth of 85 mm and an aluminium cover precision fitted to the outside of the window.

- Great sound insulation
- Lower heat transfer coefficient
- Burglar resistant material
- Modern and unique design
- Quality and durable
- Timeless elegance

Aluclips are specifically designed to fit standard uPVC window profiles. This means they often come with pre-aligned grooves, clips, or snap-fit mechanisms that match the dimensions and structure of uPVC frames.

Our Aluclip systems are designed for snap-on (click-in) installation, requiring little to no tools. This makes the process fast and user-friendly, even for non-professionals.

Availabe colors of Aluclips:

① **White Aluminium**

② **Anthracite**

Aluclips not only enhance the appearance of uPVC windows by giving them an aluminum finish but also add durability and weather resistance—making them a popular upgrade that's easy to apply.

Why to choose our products?

Our PVC window and door systems are manufactured using advanced technology and provide an excellent level of acoustic and thermal insulation, achieving the highest quality standards available.

- Environment Friendly
- Easy Installation
- Cost Effective
- Noise Reduction
- Can be recycled
- Less Maintenance
- Fire Retardant
- Long life
- Thermal Insulation
- Modern design

Premium uPVC profiles
Created from high-quality raw materials

Innovation
Enhanced durability and energy efficiency for construction needs

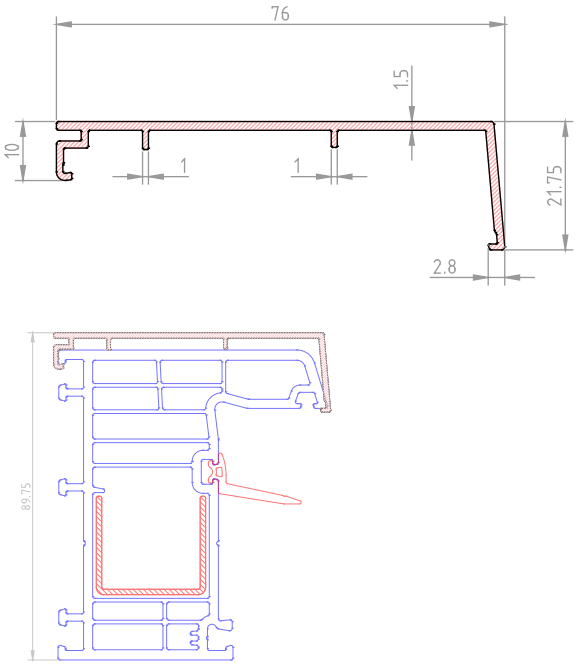

Reliability
Our uPVC profiles are designed for unmatched reliability
